

CLOUD IS GIVEN A LIFE SENTENCE

FOUND GUILTY OF THE MURDER OF LUTHER C. SHARP BY JURY

Attorneys For Defendant Announce That Motion
For New Trial Will Be Filed Friday Morning,
Just As Soon As Verdict Is Read. Cloud,
Apparently Little Affected, Is Embraced and
Kissed by Aunt and Father.

Jury Received Case at 11:30 O'clock
And Was Ready to Report by One
O'clock

VERDICT IS READ AT 1:40

Based on Second Count of Indictment, Charging Cloud Shot During
Premeditated Hold-up

Cecil Cloud, age 29½ years, was
found guilty of first degree murder
by the jury in the circuit court this
afternoon, and the life sentence was
the verdict returned.

Immediately upon announcement
of the verdict, the defense announced
that a motion for a new trial would
be presented in the morning.

The case was given over to the
jury at 11:30 this morning and only a
few ballots were taken, it is under-
stood. The jury was ready to report
at one o'clock, after returning from
dinner, and by the time that the
attorneys and other interested parties
had assembled, it was 11:40 o'clock,
at which time the verdict was pronounced.

John F. Mapes of Glenwood was
foreman of the jury and handed the
verdict to the court.

Cloud was found guilty of first degree
murder, on the second count of the
grand jury indictment, and the
jurors had the alternative of inflicting
the death penalty or life sentence.

The second count, upon which he
was found guilty, charged that the
defendant shot Luther Sharp on December 8, 1923, with the premeditated
purpose of holding him up.

Before the verdict was read, Judge
Sparks told the crowded court room
that there should be no outbreak, or
applause, when the verdict was read.
The defendant showed little signs
of uneasiness. He was handcuffed to
Sheriff Hunt when the verdict was read.

Mrs. Evaline Hays, an aunt of the
prisoner, threw her arms about his
neck, and they were in each other's
embrace for a few minutes, during

FIRST OF MOTHER CLASSES IS HELD

Dr. Jonge Waarde of Child Hygiene
Division of State Health Board
Gives Lecture

ONE TO BE HELD EACH WEEK

The first meeting of the Mother
Classes to be held in this city for
five weeks, by the Child Hygiene
division of the State Board of
Health under the auspices of the
Tri Kappa sorority of this city, was
held Wednesday afternoon in the
assembly room of the court house
with a fair attendance.

Dr. Jonge Waarde, a representative
of the state board of health, was
present, and gave illustrated
lecture on "Well Born." These child
hygiene meetings being held in the
courts are financed by the Shepherd-Towner bill passed by the last
legislature, which appropriated \$40,000
for this movement in the state, and
the people of the county should
attend these meetings and hear the
splendid lectures given by the Hygiene
representatives, it is declared.

The next mother Class will be held
Wednesday afternoon of next week
at 2:30 o'clock in the assembly room
of the court house. On the same
day, an evening meeting will be held
at 7:30 o'clock at the United Brethren
church.

STATE ACCEPTS GOV. M'CRAY JURY

Examination of 11 Talesmen Taking
Places Since Defense Passed Jury
Begun by Ryan

BOTH SIDES AGREE ON 1 JUROR

Both Prosecution and Defense Have
Used Only One Peremptory Challenge
Thus Far

(By United Press)

Indianapolis, Ind., March 20—Attorneys
for the state accepted the
jury for the trial of Governor Mc-
Cray as it then stood shortly before
noon today.

Michael A. Ryan, one of the de-
fense attorneys, immediately began
to question the eleven men who had
taken their places in the jury box
since the defense turned the jury
over to the state Tuesday.

Harry L. Ropp, manager of a radi-
ator corporation, was the only one
in the box who had been there since
the jury was turned over to the state.

After the jury is accepted by the
defense, the state will have another
opportunity to examine all talesmen
placed in the box after the first ac-
ceptance by the state.

Of the ten peremptory challenges
allowed each side, only one has been
used by the defense and one by the
prosecution.

Ryan's questions were directed to
uncover any political bias the prospective
jurymen might have. In ques-
tioning one talesman he asked:
"Would the fact that some persons
high in the governor's political party
are anxious for a conviction have
any effect on your verdict?"

At another time he asked: "You
would not vote for a conviction to
satisfy the feelings of those higher
up, would you?"

Judge Chamberlin continued to-
day to interpose questions whenever
a talesman tried to be excused on the
grounds that he had already formed
an opinion.

George C. Haerle said he had
formed an opinion.

"The truth is that you have con-
cluded you do not want to serve on
the jury, isn't it?" Judge Chamberlin
said.

"I should like to serve, your honor,
if I felt like I could give a conscientious
verdict," Haerle replied. Haerle
remained in the box.

Carl Rose, jeweler, was excused
from the box because of illness in his
family. His place was taken by Eliza
D. Hill, real estate director.

Attorneys asked John Graham, if
he had discussed the case with his
wife. "No," he replied, "but she asked
me last night where I had been all
day."

PLANS TO SPEED UP LEGISLATION

President Coolidge Wishes Congress
Would Stop Being a Grand Jury
and Get Down to Business

TO MEET A FEW LEADERS

First White House Conference Will
Include House Members—Senate
is Worst Offender

B. A. L. BRADFORD
(U. P. Staff Correspondent)

Washington, Mar. 20—President
Coolidge today took steps to speed up
congress and get it out of the way
before the political conventions in June.

With his administration in "the
home stretch", the president wishes
congress would stop being a grand jury
and get down to legislating.

To this end Mr. Coolidge has
planned conferences at the White
House with House and Senate lead-
ers to map out a definite legislative
program and a time for adjournment.

The first of these conferences will
include house members.

Invitations to the conference at
the White House are going out to
members of the steering committee of
the house. The conference to map out
the remainder of the legislative pro-
gram may be held at a White House
dinner.

Mr. Coolidge estimates that the
house will be able to dispose of all
the legislation before it by the lat-
ter part of April. The house had de-
termined to vote on the tax, soldier
bonus and Muscle Shoals measures
and these pieces of legislation are
now out of the way.

By April 15 or 20 Mr. Coolidge be-
lieves the house will have passed
all the appropriation bills and the
immigration bill. Then will remain only
agriculture and possible railroad
legislation but it is regarded as
doubtful whether the latter question
will be acted on.

After its program has been dis-
posed of, members of the house prob-
ably will become restive and desirous
of returning home for their campaign
President Coolidge believes.

copal church, will be opened up at nine
o'clock Saturday morning.

No tickets will be reserved for
cash until all of those sold in ad-
vance have been exchanged for re-
serve seat checks. No person will be
allowed to reserve more than six

ever presented here.

SEEKS SOURCE OF SINCLAIR STOCK

Senate Oil Committee Tries to De-
termine Where Attorney General
Daugherty Got a Block

DELVES INTO CAMPAIGN RUMOR

Trying to Get at Bottom of Story
Will Hays Was Given Stock to
Meet Committee Deficit

(By United Press)

Washington, March 20—The sen-
ate oil committee today sought the
source of Sinclair oil stock which
Attorney General Daugherty got in
1922 after it was revealed that
Daugherty's first transaction was the
sale of Sinclair stock.

Records did not disclose when or
where he bought it, the committee
was informed by Lewis D. Bond, fed-
eral trade commission accountant
testifying today.

This line of inquiry was the first
step in an effort to run down a story
that Daugherty and Will Hays, then
chairman of the republican national
committee, were given 775,000 shares
of Sinclair stock to help pay off a
one million dollar deficit in the Re-
publican party's 1920 campaign
funds.

Bond was recalled to the state

ARRANGE SERIES OF S. S. MEETING

Purpose of District Sessions is to
Perfect Organization and Get
Workers Acquainted With Work

FIRST MEETING MARCH 23

County Officers Urge all Interested
in Forward Movement of Religious
Education to Attend

The county Sunday school officers
at their first business meeting held in
January, arranged a schedule for a
series of district meetings to be held
in the various districts for the pur-
pose of perfecting the organization
in the county and getting the workers
of the county acquainted with and
interested in the forward movement
of Religious Education.

According to the schedule worked
out, the first meeting of the series
will be held next Sunday, March 23,
at the Christian church in Milroy.
Mrs. W. R. Cady of Milroy is chair-
man of District No. 2, which includes
all the Sunday schools in Anderson,
Orange and Richland townships.

The second meeting will be held
March 30 at one of the churches in
District No. 3, comprised of Wash-
ington, Union and Noble townships
and Jesse C. Brooks is the chairman.

The third meeting of the series
will be April 6 in District No. 1,
which is made up of the schools in
Ripley, Posey and Walker townships.
J. Hampton Reeves is chairman of
this district.

The last meeting of the schedule
has been arranged for district No. 4,
which includes Center, Jackson and
Rushville townships, of which Mrs.
Martha Grindle is chairman. The
date for this meeting will be April
13.

The county chairman, W. H. Rich-
ey of Milroy and Mrs. Rena Warner
secretary-treasurer, are urging that
all those who are interested in the
forward movement of religious edu-
cation in the county get into the
meetings somewhere if possible. The
places at which the various meetings
will be held will be announced at a
later date.

LEAD COOLIDGE CAMPAIGN

Russell B. Tittsworth is Appointed
Rush County Manager

Russell B. Tittsworth of the law
firm of Tittsworth and Tittsworth has
been appointed county manager for
the Coolidge primary campaign in
Rush county, it was announced to-
day. Mr. Tittsworth was notified that
he had been appointed by Ewing R.
Emission, the Coolidge Indiana man-
ager.

Mr. Tittsworth has been advised
by Mr. Emission to perfect a county
organization at once as the state-
wide primary is little more than a
month away.

Although Senator Hiram Johnson
has entered the Indiana primary
for the preferential vote to the re-
publican nomination, no manager for
his campaign has been announced.

RICKARD OUT TO GET MONEY BACK

New York Fight Promoter Admits
to Senate Committee He Knew
He Was Violating Law

IN SHOWING FIGHT PICTURES

Testifies Jap Muma Promised to Get
Law Passed in Washington Mak-
ing Films Legal

Washington, March 20—Tex Rick-
ard, New York fight promoter, to-
day told the senate Daugherty com-
mittee that he "went out to get his
money back" on the Dempsey-Car-
penter fight films by showing them
wherever possible, though he knew
it was a violation of the law.

Rickard made this decision, he
said, after he had been fined \$1,000
for showing the pictures in New
York to disabled soldiers. It was
this \$1,000 he wanted to get back.

He told the committee that Jap
Muma promised to get a law passed
in Washington making it legal to
show fight films anywhere, but that
Muma never said he had influence in
the capitol which would make it safe
to exhibit the films in defiance of the
law.

He said that after they "got by"
so easily in New York, he concluded
they could do the same else-
where. But, he added, he was "bunk-
ed" and the entire profits of the pic-
ture exhibitions totaled only \$10,000.

"Do you mean to say that you
went out and violated the law all
over the country?"

"The disabled soldiers in New
York phoned me."

"Now, don't try to hide behind the
disabled veterans", said Wheeler.

"I'm going to tell the truth," in-
sisted Tex. "The disabled soldiers
in New York phoned me and sent
men to see me saying they were
crazy to see the pictures. So I
brought the picture over from Jersey
and showed it to them. I intend-
ed to take the picture back to Jer-
sey after showing it."

"Next morning Hayward (federal
district attorney in New York) told
me he was going to put us in jail for
showing the pictures. I told him
I had brought the pictures over to
show to the disabled soldiers and I
was going to take them back to Jer-
sey and I didn't want to go to jail.
He said I had violated the law
and he was going to prosecute me.
I was fined \$1,000. Then I decided
I would go ahead and show the pic-
tures elsewhere and get my money
back."

Tex said the total net return from
the pictures was about \$93,000 and
expenses \$82,000, leaving about \$11,000
profit.

"I got bunked," he added.

"Now, you don't mean to tell us
that you fell for that bunk that they
would come to Washington and get
a special law passed in a couple of
days," said Wheeler.

"Not a couple of days. They said
a couple of weeks."

"What they told you was that they
had influence in Washington."

COOLIDGE CARRIES STATE BY 15,000

Surprising Spurt Places Senator La-
follette Ahead of Senator John-
son in North Dakota

W. G. M'ADOO UNOPPOSED

Results in Democratic Ballotting
Being Light—McAdoo Carries
Georgia Over Underwood

Fargo, N. D., March 20—President
Coolidge has carried the North Dako-
ta presidential primary by a plurality
of 15,000, it was estimated today on
official return from most of the 2,000
precincts and unofficial reports from
the balance.

A surprising spurt placed Senator
Robert M. Lafollette ahead of Sena-
tor Hiram Johnson of California. La-
follette's margin is only a few votes
but it was a distinct shock to John-
son supporters who felt sure the
sticker campaign for the Wisconsin
senator would bring little result.

Politicians state that the Coolidge
victory in reality is a minority vic-
tory because the combined Lafollette
and Johnson vote will exceed the
vote cast for the president.

The total vote cast apparently is
slightly over 105,000.

With less than a fourth of the es-
timated vote yet to be counted, re-
turns to date indicate President
Coolidge will have about 51,000 and
Johnson and Lafollette will finish
pretty nearly even with about 28,000
a piece. Most of the counties still
unreported have big non-Partisan
League votes, and since Senator La-
follette has been carrying most of
these, he is likely to have a plurality
of 1,000 or less over Senator John-
son.

The Democratic balloting was very
light, Wm. G. McAdoo being unop-
posed for the presidency. There was
a contest for national commit-
tee-man however, and H. H. Perry was
leading R. B. Murphy by a slight
margin.

Underwood is Defeated

Atlanta, Ga., March 20—William
G. McAdoo won a sweeping victory
in the Georgia Democratic presiden-
tial primary yesterday, practically
complete returns today showed.

BLODGETT DIES AT INDIANAPOLIS HOME

Veteran Indianapolis Newspaper Man
Expires Today After Less Than
Week's Illness

KNOWN THROUGHOUT STATE

Indianapolis, Ind., March 20—Wil-
liam H. Blodgett, 68, veteran Ind-
ianapolis newspaper man, died at
his home early today after a brief
illness with pneumonia and heart
trouble.

He returned home last Sunday
from an assignment in the northern
part of the state in a serious con-
dition. Hope for his recovery was
abandoned yesterday.

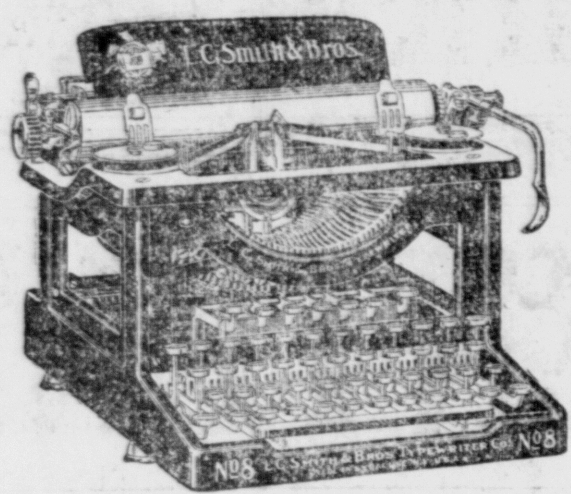

Blodgett was known from one end
of the state to the other as a politi-
cal writer and special correspondent.
He had been a reporter for the In-
dianapolis News for 40 years.

Before coming to Indianapolis,
Blodgett worked on papers in Rich-
mond, Ind., and Anderson.

Tradition has it that Blodgett ar-
rived in Indianapolis one Sunday
morning many years ago and went
to the home of John H. Holliday,
then editor of the News, to ask for
a job.

He was greeted at the door by a
surley mongrel dog that ran the am-
bitious young scribe up a tree, where
he stayed until Holliday came out and
called off the hound. Blodgett got
a job the next day.

He is survived by the widow and
one daughter, Mrs. E. T. Brennan of
Indianapolis.

Uncovers Tunnel Entrance

Vincennes, Ind., March 20—The tradition that a tunnel exists in the basement of the old Harrison home was given some basis in fact here recently when Sam Kirk, local contractor, uncovered what is believed to be the entrance to the tunnel.

The supposed entrance is located in an offset in the wall. About two feet below the surface of the floor, the workmen ran into a layer of brick. Two layers were removed, revealing an opening 30 inches wide, of circular form. This, Kirk believes, is the entrance to the tunnel.

Work of repairing the old house is being financed by the D. A. R. at a cost of several thousand dollars.

**Found Guilty Of The Murder
Of Luther C. Sharp By Jury**

Continued from Page One

which the convicted man whispered to her.

Before leaving the court room, Atwell Cloud, 2602 East Broad street, Newcastle, father of the prisoner, embraced his son and kissed him several times, before the officers departed for the jail.

Before the verdict had scarcely been read, John F. Joyce, one of the attorneys for the defendant, told Judge Sparks that a motion for a new trial would be presented in the morning, and the court withheld passing the sentence upon the prisoner until the motion can be prepared and heard.

The case ended this morning at 11:30 o'clock when the jury retired to their room to deliberate on a verdict.

The closing argument was made by Prosecutor Gates Ketchum, who for an hour and five minutes held the closest attention of the court room and jury, reviewing the evidence that the state had brought out, and attempting to fix the murder charge against the defendant.

In his closing argument this morning he demanded the death penalty, and cited the case recently in Indianapolis wherein a colored man by the name of Shaw had been convicted on circumstantial evidence, and given the death penalty, on what he termed as even less evidence than that which the state had gathered in the case against Cloud.

The prosecutor stated that one death deserved another, and that the defendant should not be given the privilege of living.

The arguments late yesterday were by John H. Kiplinger, who made the first on behalf of the state, and he was followed by John F. Joyce for the defendant. This morning Albert C. Stevens made an hour's argument for the defendant, and the prosecutor concluded the four hours set aside for that purpose.

Judge Sparks instructed the jury shortly after eleven o'clock, and as in all murder cases, the instructions were lengthy, touching the various angles that the jurors were to consider when they retired to their room.

The first degree murder charge, the court explained in his instructions, embodies all three murder provisions. The penalty for first degree murder, where the human life was taken for a purpose, or planned with that intent, is either death, or a life sentence; if no purpose was established, then second degree murder would prevail, and this charge carries a life sentence; where the murder was committed on the spur of the moment without malice or premeditation, the charge is manslaughter and the court instructed the jury that if the defendant was found guilty on this charge, that they were not to fix the sentence, and that the court had the right to name the punishment, which is a term of 2 to 21 years.

The court also dwelt on circumstantial evidence, which fact he stated was sufficient to fix punishment on the first degree murder charge.

Several witnesses were examined Wednesday afternoon, before the

state rested, and the last thing that the state did was to offer in evidence several exhibits that they made during the progress of the trial.

Included in the exhibits were steel shots, with the first shot passed among the jurors being the one that was taken from the victim at the autopsy operation, when he died ten days following the shooting.

Other shot were samples that had been taken from experimental shooting into wood, and dead carcasses at the Bausback Reduction plant. The 45 caliber, army gun, which belongs to Chester Taylor, and with which the alleged shooting was said by the state to have been committed, was also passed among the jurors to examine. The army overcoat said to have been worn by the defendant, was offered in evidence.

Local officers testified concerning the experimental shooting, in an effort to bring out certain points about the steel bullet.

Lieutenant Bernard Ball of the Indianapolis Police department was called in as an expert witness, and questioned concerning the shooting range and other characteristics of a weapon that was alleged to have been used in the Sharp slaying.

Forest Huntington, who said he resides in Edinburg, Ind., and was a representative of the Pinkerton Detective agency that worked on the local case, was on the stand for a few minutes and testified that the bullet exhibited by the state, was the same one that was taken at the autopsy and had been in his custody part of the time and given over to Sheriff Hunt.

Two witnesses, Anthony Owens and Thomas Trader, who were recalled to the witness stand Wednesday afternoon, each testified that they were the first persons to reach the victim. They said that when they reached him, he was saying, "My God; my God, I've been shot. A man wearing a black rag over his face and wearing an army overcoat shot me."

These witnesses on the day previous were not permitted to offer this testimony, until the court was given legal citations to prove that it was admissible.

George Hays, an uncle of the defendant, who lives on a farm a few miles north of Rushville was a witness for the state in the afternoon session. He said that on the night of the shooting, possibly before midnight, he was awakened, and that Cloud wanted to get in. He said that Cloud was wearing an army overcoat, that was water-soaked from the heavy rain of that night.

The witness said that in the course of their conversation that night, Cloud told him that he had heard in a pool room in Rushville that Sharp had been shot with a 45 calibre revolver.

The state contended that this fact was not definitely known until the next day or so.

Mr. Hays stated further that the next morning, when Cloud started to leave, that he exchanged his army overcoat with him, and told Mr. Hays that the fellow who shot Sharp wore an army overcoat, and that he was afraid that he might be picked

up as a suspect.

Mrs. Evaline Hays, wife of George Hays, also testified about the defendant coming to their home that night. She couldn't remember the time, nor could she remember what was said about the kind of a gun that was used in the shooting, and which she said Cloud was telling them about upon his arrival.

Her recollection was that Cloud stayed with them possibly three days. Her husband stated that Cloud left the next morning.

Several other witnesses were used to bring out minor matters in the case. Sheriff Hunt identified the army overcoat as being the one that Cloud was wearing when brought to jail January 25.

When the state finished rather unexpectedly yesterday afternoon, the defense also announced that they rested, which then brought on the arguments without any evidence on the part of the defense.

**BEFORE TWINS
WERE BORN**Was Very Miserable. Felt Lots
Better After Taking Lydia E.
Pinkham's Vegetable Compound

Wyocena, Wisconsin. — "I took Lydia E. Pinkham's Vegetable Compound before my twins were born because my sister used it and recommended it to me."

I was so I could scarcely go about my daily work I was in such misery. But after I began taking the second bottle I was feeling lots better. I took three bottles and a half before I was confined and finished the bottle while I was in bed. I got up feeling fine and have taken care of the twins alone ever since. I recommend the Vegetable Compound highly and will sing its praises in the future."

—Mrs. IDA GERBETZ, Wyocena, Wis.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after child-birth, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother both before and after child-birth. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by nursing mothers.

Helps Real Estate

The financial pages report that call money had descended to three percent in New York Wednesday. This is good news because cheaper money means higher real estate values, which is an end very much desired in Rush county.

When the call money rate goes down, investors turn to real estate. The demand naturally sends up the price and others who had been waiting for a good real estate investment will buy because they think it is as cheap as it ever will be.

No one ever buys on a falling market. But let prices start back up, and everyone jumps in, eager to buy as cheaply as possible. This price rise because of the demand.

Rush county farm land is once more on a rising market. That's where we want it for the good of all the people of Rush county. When the price of farm land was going down and down, and selfish people were trying to send it down still lower, so that they could buy some farm land real cheap and make a profit on it, everyone was pessimistic and farmers were convinced that there was no future ahead.

Let the price of farm land get on the upgrade again, and everyone is going to be boosting it up instead of kicking it down.

The people who have been hammering farm real estate for the contemptible purpose of "stealing" some of it so that they could sell on a rising market, had better get on the band wagon now, because farm land prices have started back up and they are going to stay up.

Flattery

The world is full of flattery, but it is not all the same brand. There is the kind that is downright dishonesty, by the use of which one seeks to better his own fortunes and his own position at the expense of others. The fake stock salesman is a good example of the users of this brand.

Then there is the gentle, persuasive, life-oiling kind in common use by nearly everyone, who is successful in any pursuit, the purveyor of which seeks to gain his ends without injury to others by means of subtle flattery or merited praise of others.

This latter kind is dispensed by the woman who has the reputation of being a "delighted hostess", by the man who is said to have a "winning personality" and by another who is known as a "good salesman."

The distributor of gentle and polite

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, March 20.—The only physician in the country who has his own private burying ground and admits it is Royal S. Copeland, former health commissioner of New York City and now United States senator.

Not that the graveyard holds the bodies of former patients of Copeland. The burying ground is an old-time cemetery, on a farm Copeland owns in up-state New York. But to the senator, an apostle of better health, it is a source of constant stimulation.

"There are about 40 graves in the enclosure," Copeland says. "The oldest person buried there—the grandfather of the family—died at the 'ripe' age of 42 years, 8 months, and 21 days! He was the oldest. The average runs probably less than 30 years."

"Today the average expectation of life in the United States is 57 years. That is what our progress in medical science has done for us within a few decades."

FROM the standpoint of complexion, the most colorful man in Congress is John N. Garner of Uvalde, Tex. As ranking Democratic member of the Ways and Means Committee he wrote his party's substitute for the Mellon tax reduction plan.

Garner has a chronically apoplectic countenance. In debate his florid face assumes an alarming crimson. Spectators expect to see him topple over from a stroke. But Garner's coloring comes from a thin skin that never has thrown off the effect of much weathering under blistering Texas sunshine.

Born in the Red River section of Texas 56 years ago, Garner has garnered wealth as well as influ-

flattery is a bright and shining star in a clouded sky, a small candle always busy brightening up the corner where he is. Men seek his favor and women hang upon his words, for they are honeyed words, not too untruthful and always appealing to the innate egotism that exists in every one of us.

Without the flattery spreader, no party would be a success, a banquet would be a funeral feast and politics would be robbed of all its savor. Here's a toast to the peddler of flattery and long may his species be abundant.

Coolidge's Speed

Though partisan attempts have been made frequently to sneer President Coolidge with oil, he still shows his old-time speed in the state primaries.

Present indications are that he won the North Dakota Primary Tuesday over Senators LaFollette and Johnson. Wednesday the North Carolina republican delegation to the Cleveland convention was instructed for Coolidge.

Regardless of efforts to besmirch him, Mr. Coolidge is so far ahead of the other candidates for the republican nomination that it can scarcely be called a race. The primary votes indicate that the people have confidence in the president—and that means a great deal.

ence and distinction. When you buy "Bermuda" onions at the corner grocery, like as not you are getting the product of Garner's big onion farm.

If the Democrats have "got the Republicans' goat," likely as not it could be found down on Garner's Texas goat ranch. He has the largest herd of Angoras to be found anywhere, not even excepting Angora.

He is a shrewd trader, has bought and sold farm and ranch lands by the thousands of acres, and had a hand in organizing most of the banks in the Red River valley. He either owns outright or controls as many banks as any individual in the country.

Which qualifies him as an authority on banking and finance and makes him the choice for chairman of the Ways and Means Committee in the next Congress—should the Democrats get control.

GARNER may own more goats, but the biggest rancher in Congress is Senator Warren of Wyoming. Warren's specialty is sheep—and wool.

"The Greatest Shepherd Since Abraham," Warren has been called.

Shepherding, however, must have agreed with Warren physically as well as financially, for despite the fact that he is now the oldest man in the Senate—he will be 80 on June 20—he looks and acts more like a rugged, well-preserved man of 60.

A big man he is, broad-shouldered, big-chested, with gray hair and mustache, a kindly manner and a quiet voice. He walks with a slight limp as a result of a rebel bullet in the Civil War. As another memento of his Civil War days, he possesses a congressional medal of honor for gallantry on the field of battle at the siege of Port Hudson.

FIRST SHOOT HELD
AT FAIR GROUNDS

To Help U. S. Olympic Team

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 20—Perhaps the American Olympic team may not do as well in Paris next summer as it did in Antwerp in 1920, and the chances are that it will not, but it will be better organized and will feel better about it.

As long as Lawson Robertson has the say as head coach and as long as George Brown is around, even though he is only an assistant manager, the team will receive proper care and attention.

If Robertson had been in charge of the team in Antwerp, Joie Ray, Sol Butler and Mat McGrath would not have been injured. He would not have permitted them to take the chances they did in working out on a dangerous field.

Politics would not have been such an influence on the 1920 team if Robertson had been in charge as head coach. He would not have allowed political favorites to start in events which made it necessary to keep such great athletes as Driscoll and Dah-drow on the bench.

Jack Moakley, head coach of the 1920 team is a competent coach, but he was completely overruled by the politicians on the Olympic committee. It's a hundred to one shot that no one will run over Lawson Robertson.

If there is any reward for meritorious service, George Brown, of the

Boston Athletic Association, should have been appointed manager of the team. He was the only efficient man at Antwerp among the executives. He was the only one who seemed to care in the slightest what the athletes ate, where they slept or how they were treated. He didn't go to see the battlefields of the western front in France, until the games were over and his work had been done. He took his vacation when there was nothing more to be done. Some of the other managers and members of the committee spent a great deal more of their time in Paris than they did in Antwerp.

One fortunate thing about the games this summer is that no traveling to Paris will be necessary. The tourists on the committee will be right in the heart of all the European excitement and they can even see some of the games, if they have the time to spare.

No charges have been made that the committee will do in Paris what its predecessors did in Antwerp—or didn't do. On the contrary, the committee making the arrangements for the games this year seems to be serious-minded about it and it is probable that there will be very few joyriders going over to look after the athletes. However, it is best to withhold judgment and prophesy until the team gets back from Paris.

Urbana, Ill.—Tommy Gibbons of St. Paul will meet Bill Hert here tonight. A week from tonight Gibbons is scheduled to fight Joe Downey at Dayton, Ohio.

Shooting Ground-Game Refuge Bill
Before Congress

Indianapolis, Ind., March 20—Provisions in the Public Shooting Ground-Game Refuge bill now pending before Congress, would greatly benefit Indiana sportsmen, George N. Mannfeld superintendent of fish and game, department of conservation, said today.

Indiana sportsmen, Mannfeld said, are united for passage of the bill. The Izaak Walton league and the Indiana Fish Game and Forest League have approved the measure.

The bill provides for a federal license costing \$1 to be obtained by all sportsmen using public shooting and fishing grounds. Hunters in Indiana would be required to pay a total of \$2.

The money, both State and Federal would go toward purchase of game refuges, Mannfeld said.

FIGHTS AND FIGHTERS

New York—"I'll knock him out if I ever get a fight with him in this country," Farmer Lodge said on his return from South America where he was tapped on the chin by Luis Firpo. "American fighters better stay away from there," he said.

Albany—Bills aiming to reform or rescind boxing in New York have no chance to be passed or even taken up by legislature at this session, party leaders believe.

Chicago—A fight between Tommy Gibbons and Georges Carpentier this summer, either at Benton Harbor or Michigan City, is being discussed here. Eddie Kane, manager of Gibbons, said he would sign up if Floyd Fitzsimmons, promoter, who claims to have the Frenchman's signature to a fight, can show whether the fight can be staged.

MILROY WINS WITH
WHIRLWIND ATTACKIndependent Team Overcomes Fast
Fairview Quintet on Modern Ap-
pliance Floor

COMES FROM BEHIND TO WIN

The Milroy Independent basketball team staged a whirlwind attack in the last half of their game with Fairview last night on the Modern Appliance floor, and won out by the score of 37 to 27.

Milroy was away behind in the first half, when Fairview had the best of the game, 19 to 10, and in the last half the Milroy team began gradually to climb up and in the closing few minutes nosed out the fast quintet from north-eastern Rush county.

Barnes for Milroy led in scoring with six baskets, although the other players on Milroy contributed their share in the point getting. For Fairview Peters led with 3 baskets and Seales had 4. The line-up and summary.

Milroy 37	Fairview 27
Barnes F.....	Seales
Green F.....	Reynolds
McKee C.....	Peters
Ruddell G.....	Cook
Osterling G.....	Royalty

Substitutions, Patton for Green; Kendall for Cook, Craig for Kendall, Cook for Craig.

Field goals, Barnes 6, Green, McKee 3, Ruddell 4, Osterling 2, Seales 4, Reynolds 2, Peters 5, Cook; foul goals Barnes, McKee 3, Ruddell, Seales, Cook Royalty. Referee Hill-goss, umpire McNamara.

FIRST SHOOT IS HELD
AT OLD FAIR GROUNDSMoney Raised to Buy New Trap And
New Trap House Will Probably
Be Built

SCORES OF CONTESTANTS

The first of a series of shoots was held at the old fair grounds east of Rushville Wednesday and was attended by a large crowd of sportsmen. Enough money was raised to purchase a new trap, which it is hoped will arrive for the next regular shoot to be held in two weeks.

An effort is being made to organize the lovers of this kind of sport, so that a new trap house may be erected on the grounds, and indications are that it will be successful. The shooters were recently given permission by the county board of commissioners to use the fair grounds for the bi-weekly shoots.

Scores hung up in Wednesday's shoot were as follows:

	Shot	Broke
Edd Moore	30	29
Stewart	30	27
Pleamner	100	81
Martin	110	88
Foley	50	32
Deeringer	30	20
Bender	70	58
Lawrence	110	78

Mobile, Ala.—George Sisler got two hits out of five times at bat, stole a base scored a run and played first without an error in an exhibition game with the Mobile Bears, won by the Browns 11 to 7 yesterday.

Catalina Islands, Calif.—One final workout today was on the schedule of the Chicago Cubs before their departure for Los Angeles for the first of three games there with the Verdun and Los Angeles clubs.

MOSCOW TRIMS THE
ORANGE ALL-STARSIndependent Quintet Goes Through
Season With 21 Victories And
Four Defeats

GOES TO MUNCIE SATURDAY

The Moscow Independents added another victory Tuesday night, when they trimmed the Orange all-stars, composed of players from southern Rush county and Shelby county, with the final score being 31 to 24. This made 21 victories out of 25 games played this season, the Moscow team will play in the Muncie tourney Saturday. The line-up and summary:

Moscow 31	Orange 24
P. Gosnell F.....	Means
Marshall F.....	Reber
N. Gosnell C.....	Reed
Tillison G.....	Huntington
C. Gosnell G.....	Coleman

Field goals, P. Gosnell 7, Marshall 4, N. Gosnell 3, Tillison, Means 4, Reber 4, Reed 4; foul goals C. Gosnell.

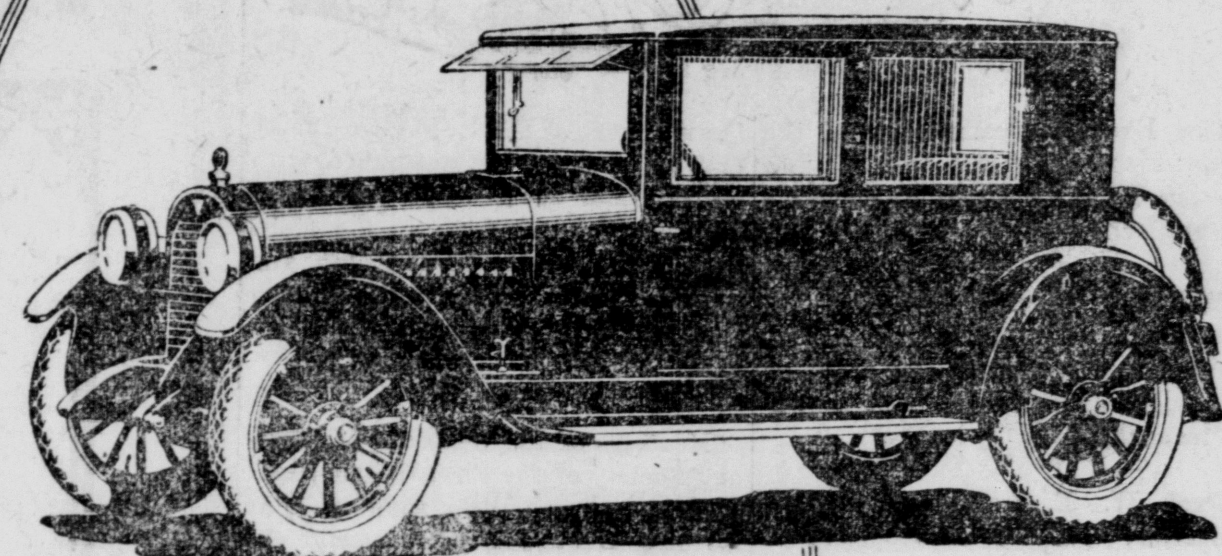

Orlando, Fla.—Although defeated again by Cleveland Wednesday, the Reds showed quite an improvement in their work. With good weather and more practice, the Cincinnati squad is expected soon to find itself. Eddie Roush got his first hit of the season yesterday. It was a homer.

St. Petersburg, Fla.—The Boston Braves won from the Chicago White Sox 4 to 0 here yesterday. The Sox were able to get only four hits and were helpless all the way.

Brandenton, Fla.—Hornsbey's homer with one on was the deciding factor in the exhibition game here yesterday when the Cardinals beat the Giants, 4 to 2.

New York—Sid Terris, New York, won a ten round decision from Eddie Brady, New York.

HUDSON

This Favorite Super-Six
Improved in All Ways

The attractions of a more beautiful and comfortable body, with the greatest Super-Six chassis ever built are combined in the new Hudson Coach.

Also unmatched price advantage. At \$1475 it costs but little more than open models. Yet it provides the wanted comforts, distinction and all-season utility of a fine closed car.

Motorom concedes that no car excels Hudson in performance reliability and long life at low maintenance.

Now, to those famous qualities are added refinements that assure prompt starting in coldest weather, as well as greatly increased gasoline and oil economy.

Is it any wonder that the new coach has met a reception surpassing any Hudson ever built?

PLENTY OF GOOD THINGS TO EAT

Saturday Mar. 22

The Executive committee of the Little Flatrock church will hold a meeting Friday evening at eight o'clock at the church.

Mahoning Council, No. 36, will meet in the Red Men hall Friday evening. All members are urged to be present as important business will be transacted.

Prof. W. E. Jenkins of Indiana University will deliver a lecture in the court house assembly room Friday evening at 7:45 o'clock before the members of the Shakespeare club and their guests.

The orchestra of the Little Flatrock church will meet Friday evening at 7:30 o'clock in the church. At the same hour the Bible Class, led by Grant Cooper will meet in the basement of the church.

Mattox Circle, No. 51, ladies of the G. A. R., will meet Friday afternoon at two o'clock in the assembly room of the court houses. A good attendance is desired at this meeting as important business will come before the meeting.

Twenty five couples attended the Dinner-dance given Wednesday evening at the Social Club rooms in North Morgan street. Mrs. Charles Wilson and Mrs. Derby Green were captains of the division who served the delicious dinner. Krinz's orchestra of Richmond furnished the music for the dance afterwards.

Mrs. Austin Frazee was a charming hostess Wednesday afternoon to

the members of the Happy-Go-Lucky club when she entertained them with an informal social afternoon and a six o'clock dinner party in the evening. The members of the club and a few invited guests were among those present for the delightful affair.

Members of the Woman's Missionary Society of the First United Presbyterian church held their regular meeting Wednesday afternoon at the home of Mrs. S. H. Trahaue in West Seventh street. Those present continued the study of their book "The Debt Eternal," by Mr. Finley. Mrs. Waite was the leader of the program, which opened with the devotional period.

The Presbyterian Missionary Society held their March meeting Wednesday afternoon at the home of Mrs. J. T. Arauckle in East Seventh street. After the devotionals, the yearly reports were given by the secretary and treasurer. The apportionment of the society for the year of 1923 was \$482. Mrs. Rena Warner carefully explained the meaning of the term, "The Home Mission Field," which was followed by some ideas of the student work during the vacation period. Mrs. Culp gave a beautiful home mission story. The collection at this meeting was \$28.88.

Mrs. J. C. Craig entertained the members of the Industrial Club Wednesday afternoon at the home of her daughter, Mrs. Clyde Deeters in East Eighth street. As this was the last meeting of the year, officers for the following year were elected as follows: Mrs. Minnie Moore, president; Mrs. Melinda Young, vice-president; Mrs. Cornelia Lyons, treasurer; and Mrs. Enda Dagler, secretary. At the close of the business meeting \$15.95 was turned over to the treasurer. Twenty-six members and there visitors were present for this meeting. The hostess served a delicious luncheon at the conclusion of the meeting.

his only opponent, Senator Oscar W. Underwood of Alabama, won in 32 counties.

On the face of these returns McAdoo will control 312 delegates to the state democratic convention which nominates delegates to the national convention in New York and Underwood will hold 76 delegates. Counties that went for McAdoo gave him large majorities in the popular vote, some running as high as 5 to 1.

Miller Belt, campaign manager for McAdoo, in a statement declared that the victory was the nation's answer to "Republican attempts to involve the good name of Mr. McAdoo in the Teapot Dome scandal." He predicted that the result in Georgia heralded a sweep of the south for McAdoo.

Facts about Child-birth

AN eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One arrives! Mrs. Wm. Washington, 107 Louisa Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-72, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all good druggists.

SIX STARTERS IN THE RACE

Ninth District C. O. P. Congressional Contest is Warming Up

Kokomo, Ind., March 20—With the announcement today that Henry Quigley, former county clerk, would be a candidate for the Republican nomination for congress from the ninth district, the congressional race now has avowed starters.

Fred S. Parnell, of Fountain county, the present representative, is a candidate for re-election. The other Republican candidates are Homer Beals, Hamilton county and Rev. Russell P. Kern, Fountain county. For the Democratic nomination, James P. Davis, Howard county, Martin L. Serkle, Clinton county and Allen Kemp, of Tipton, are in the field.

when G. D. Wahlberg failed to appear on time. Wahlberg was to have been questioned concerning the identity of a "Mr. Hays" he had mentioned as recipient of Sinclair stock.

Hay's Brother Won't Talk

Sullivan, Ind., March 20—Hinkle C. Hays, a member of the law firm of Hays and Hays and a brother of Will H. Hays, formerly chairman of the republican national committee, refused today to comment on the story now being investigated by the

senate oil committee to the effect that Will H. Hays and Attorney General Daugherty were given 75,000 shares of Sinclair oil stock to help pay a one million dollar deficit in the republican party's 1920 campaign funds.

Hays would neither confirm or deny a report that the firm represented the Sinclair oil company at one time.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of all sorts.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.

Appears As a Boy

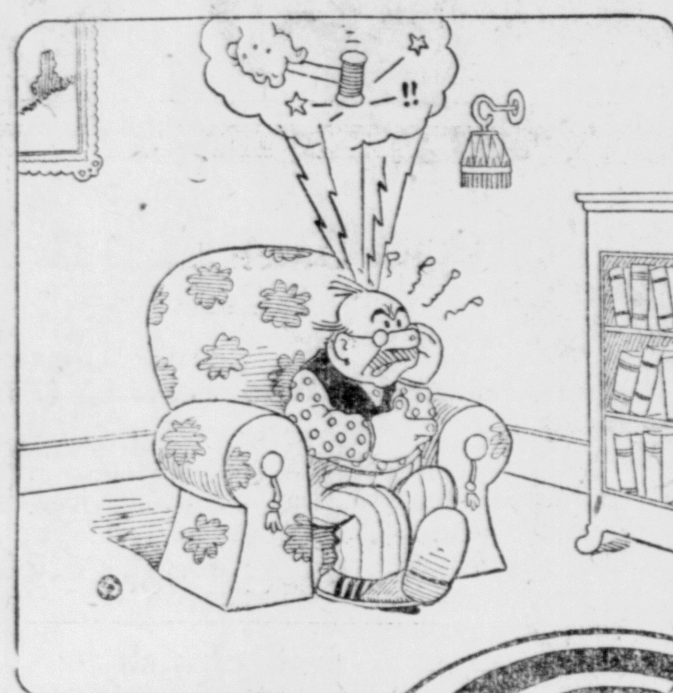

Gloria Swanson appears as a boy for the first time in her stellar career in "The Humming Bird," a Paramount picture directed by Sidney Clout and showing at the Princess theatre today.

As Toinette, idol of the Paris underworld and leader of a gang of Apaches, Miss Swanson alternates from boy's to girl's clothing. Her dual personality as Toinette and the notorious "Humming Bird," for whom the Paris police search in vain, gives the star a wide range of dramatic possibilities in this production of Maude Fulton's play, which Forrest Halsey adapted for screen presentation. Edward Barns is leading man and others in the support are Jacques d' Auray, Mario Majeroni and Cesare Gravina.

How Stars Earned Money

It is interesting to note the means by which some of the prominent screen stars first earned money. Rupert Hughes' cast of "Souls for Sale," which he made for Goldwyn, and which comes to the Castle the-

atre for three days, beginning today, contains some of the highest priced stars on the screen and this is the way they earned their first dollar.

Rupert Hughes made his when he was nine years old, giving a show at his home. He says no pins were accepted.

Barbara La Marr played a child part in a stock company in Seattle when she was seven years old, and earned her first dollar.

Richard Dix worked on a farm in Minnesota during a summer vacation.

Mae Busch earned her first dollar playing with Eddie Foy in "Over the River."

Frank Mayo, at the age of five,

played a boy's part in "Davy Crockett" with his grandfather's company.

Eleanor Broadman posed for an artist in Philadelphia.

THE OLD HOME TOWN By Stanley

We 23,000 Men

Present you the utmost in fine cars

THERE are 23,000 of us building Studebaker cars. Most of us are partners in the business. Thousands of us are stockholders. All of us, after a certain time, get dividends on wages.

All of us, after two years, get vacations with pay. All of us, after one year, get dividends on wages. After five years, that annual dividend adds 10% to our earnings.

The company spends vast sums on co-operative work with us. When we retire, we get pensions.

So Studebaker cars represent the best that we, in combination, know how to offer you.

Some of us belong to management. If we do better than expected, we get 10% of the excess.

So every man among us does his best to make Studebaker cars supreme.

Our fine backing

Behind us is an honored name. For 72 years Studebaker has been the leader in quality and class.

We have \$90,000,000 of assets. We have \$50,000,000 in model plants. We have 12,500 up-to-date machines. So Studebaker cars are built by modern and efficient methods.

We have an engineering department which costs \$500,000 yearly. That to maintain and develop Studebaker standards.

We subject Studebaker cars to 30,000 inspections. That requires 1,200 men. All told over 70,000 machine and hand operations are performed in manufacture of a Studebaker car. In so many operations, though each one is small, there is a

great opportunity for economies and savings.

We have a \$10,000,000 body plant, to maintain the Studebaker standard of coach work. There sons, fathers and grandfathers are working together, to build such bodies as Studebaker always built.

Those bodies are finished by many operations, including 15 coats of paint and varnish.

The open bodies are upholstered

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

We give unusual equipment. On some Big-Six models, for instance, we include two nickel-plated bumpers, one or two extra disc wheels with cord tires, a courtesy light, a motometer, steel trunk, etc.

How we do this

We give you these extra values through quantity production. We build 150,000 cars per year — more than any other fine-car builder. Our large expenses are divided by that enormous output.

We do it by building our own bodies, our own parts. Thus we save outside profits.

We do it because we have up-to-date plants, with all forms of modern equipment.

The results are these:

Beauty, quality and luxury such as no maker can surpass.

Prices far below the usual. Our Light-Six, built by ordinary methods, would sell for from \$200 to \$400 more. Our Big-Six can be compared only with the highest-priced cars in the world.

Here are 13 models, from \$1,025 to \$2,685. Each of them offers scores of advantages over any comparable car. They offer such values that the trend toward Studebakers has become overwhelming.

Go analyze the reasons before you buy a quality car.

See how Studebaker gained top place

145,167 people last year paid \$201,000,000 for Studebaker cars.

The sales have almost trebled in the past three years. Studebaker growth in fine cars is the marvel of this industry.

Go see the reasons. See the scores of extra values Studebaker offers.

There are 13 models. Prices start at \$1025. They go to the highest price a fine car needs to cost.

Don't buy a car for years to come without knowing how Studebaker gained its amazing popularity.

In real leather. The closed bodies in Chase Mohair. That is made from the silky fleece of Angora goats.

We pay for those extras — and others — out of savings. Building our own bodies saves you on some types up to \$300 per car.

We never stint

The rule here is to give the utmost in every part and detail.

We have 35 formulas for steel. Each has been demonstrated best for its purpose. On some of these steels we pay 15% premium to get the formulas exact.

CLOUD IS GIVEN A LIFE SENTENCE

FOUND GUILTY OF THE MURDER OF LUTHER C. SHARP BY JURY

Attorneys For Defendant Announce That Motion For New Trial Will Be Filed Friday Morning, Just As Soon As Verdict Is Read. Cloud, Apparently Little Affected, Is Embraced and Kissed by Aunt and Father.

Jury Received Case at 11:30 O'clock
And Was Ready to Report by One
O'clock

VERDICT IS READ AT 1:40

Based on Second Count of Indictment, Charging Cloud Shot During Premeditated Hold-up

Cecil Cloud, age 29 years, was found guilty of first degree murder by the jury in the six-off court this afternoon, and the life sentence was the verdict returned.

Immediately upon announcement of the verdict, the defense announced that a motion for a new trial would be presented in the morning.

The case was given over to the jury at 11:30 this morning and only a few ballots were taken, it is understood. The jury was ready to report at one o'clock, after returning from dinner, and by the time that the attorneys and other interested parties had assembled, it was 11:40 o'clock, at which time the verdict was pronounced.

John F. Mapes of Glenwood was foreman of the jury and handed the verdict to the court.

Cloud was found guilty of first degree murder, on the second count of the grand jury indictment, and the jurors had the alternative of inflicting the death penalty or life sentence. The second count, upon which he was found guilty, charged that the defendant shot Luther Sharp on December 8, 1923, with the premeditated purpose of holding him up.

Before the verdict was read, Judge Sparks told the crowded court room that there should be no outbreak, or applause, when the verdict was read. The defendant showed little signs of uneasiness. He was handcuffed to Sheriff Hunt when the verdict was read.

Mrs. Evaline Hays, an aunt of the prisoner, threw her arms about his neck, and they were in each other's embrace for a few minutes, during

STATE ACCEPTS GOV. M'GRAY JURY

Examination of 11 Talesmen Taking Places Since Defense Passed Jury Begun by Ryan

BOTH SIDES AGREE ON 1 JUROR

Both Prosecution and Defense Have Used Only One Peremptory Challenge! Thus Far

(By United Press)

Indianapolis, Ind., March 20—Attorneys for the state accepted the jury for the trial of Governor McCray as it then stood shortly before noon today.

Michael A. Ryan, one of the defense attorneys, immediately began to question the eleven men who had taken their places in the jury box since the defense turned the jury over to the state Tuesday.

Harry L. Ropp, manager of a radiator corporation, was the only one in the box who had been there since the jury was turned over to the state.

After the jury is accepted by the defense, the state will have another opportunity to examine all talesmen placed in the box after the first acceptance by the state.

Of the ten peremptory challenges allowed each side, only one has been used by the defense and one by the prosecution.

Ryan's questions were directed to uncover any political bias the prospective jurors might have. In questioning one talesman he asked: "Would the fact that some persons high in the governor's political party are anxious for a conviction have any effect on your verdict?"

At another time he asked: "You would not vote for a conviction to satisfy the feelings of those higher up, would you?"

Judge Chamberlin continued today to interpose questions whenever a talesman tried to be excused on the grounds that he had already formed an opinion.

George C. Haerle said he had formed an opinion.

"The truth is that you have concluded you do not want to serve on the jury, isn't it?" Judge Chamberlin said.

"I should like to serve, your honor, if I felt like I could give a conscientious verdict," Haerle replied. Haerle remained in the box.

Carl Rose, jeweler, was excused from the box because of illness in his family. His place was taken by Ezra D. Hill, real estate director.

Attorneys asked John Graham, if he had discussed the case with his wife. "No," he replied, "but she asked me last night where I had been all day."

PLANS TO SPEED UP LEGISLATION

President Coolidge Wishes Congress Would Stop Being a Grand Jury and Get Down to Business

TO MEET A FEW LEADERS

First White House Conference Will Include House Members—Senate is Worst Offender

B. A. L. BRADFORD
(U. P. Staff Correspondent)

Washington, Mar. 20—President Coolidge today took steps to speed up congress and get it out of the way before the political conventions in June.

With his administration in "the home stretch", the president wishes congress would do as Senator Borah suggested—stop being a grand jury and get down to legislating.

To this end Mr. Coolidge has planned conferences at the White House with House and Senate leaders to map out a definite legislative program and a time for adjournment.

The first of these conferences will include house members.

Invitations to the conference at the White House are going out to members of the steering committee of the house. The conference to map out the remainder of the legislative program may be held at a White House dinner.

Mr. Coolidge estimates that the house will be able to dispose of all the legislation before it by the latter part of April. The house had determined to vote on the tax, soldier bonus and Muscle Shoals measures and these pieces of legislation are now out of the way.

By April 15 or 20 Mr. Coolidge believes the house will have passed all the appropriation bills and the immigration bill. Then will remain only agriculture and possible railroad legislation but it is regarded as doubtful whether the latter question will be acted on.

After its program has been disposed of, members of the house probably will become restive and desirous of returning home for their campaign funds.

The reserved seat plat for "Pollyanna," which will be given at the Graham Annex auditorium next Tuesday and Wednesday evening under the auspices of the Ladies Aid Society of St. Paul's Methodist Episcopal church, will be opened up at nine o'clock Saturday morning.

No tickets will be reserved for cash until all of those sold in advance have been exchanged for reserve seat checks. No person will be allowed to reserve more than six seats.

Rehearsals are being held daily for the play, which is expected to be one of the best home talent productions every presented here.

SEEKS SOURCE OF SINCLAIR STOCK

Senate Oil Committee Tries to Determine Where Attorney General Daugherty Got a Block

DELVES INTO CAMPAIGN RUMOR

Trying to Get at Bottom of Story Will Hays Was Given Stock to Meet Committee Deficit

(By United Press)

Washington, March 20—The senate oil committee today sought the source of Sinclair oil stock which Attorney General Daugherty got in 1922 after it was revealed that Daugherty's first transaction was the sale of Sinclair stock.

Records did not disclose when or where he bought it, the committee was informed by Lewis D. Bond, federal trade commission accountant, testifying today.

This line of inquiry was the first step in an effort to run down a story that Daugherty and Will Hays, then chairman of the republican national committee, were given 775,000 shares of Sinclair stock to help pay off a one million dollar deficit in the Republican party's 1920 campaign funds.

Bond was recalled to the state. Continued on Page

ARRANGE SERIES OF S. S. MEETING

Purpose of District Sessions is to Perfect Organization and Get Workers Acquainted With Work

FIRST MEETING MARCH 23

County Officers Urge all Interested in Forward Movement of Religious Education to Attend

The county Sunday school officers at their first business meeting held in January, arranged a schedule for a series of district meetings to be held in the various districts for the purpose of perfecting the organization in the county and getting the workers of the county acquainted with and interested in the forward movement of Religious Education.

According to the schedule worked out, the first meeting of the series will be held next Sunday, March 23, at the Christian church in Milroy. Mrs. W. R. Cady of Milroy is chairman of District No. 2, which includes all the Sunday schools in Anderson, Orange and Richland townships.

The second meeting will be held March 30 at one of the churches in District No. 3, comprised of Washington, Union and Noble townships and Jesse C. Brooks is the chairman.

The third meeting of the series will be April 6 in District No. 1, which is made up of the schools in Ripley, Posey and Walker townships. J. Hampton Reeves is chairman of this district.

The last meeting of the schedule has been arranged for district No. 4, which includes Center, Jackson and Rushville townships, of which Mrs. Martha Grindle is chairman. The date for this meeting will be April 13.

The county chairman, W. H. Richley of Milroy and Mrs. Rena Wapner secretary-treasurer, are urging that all those who are interested in the forward movement of religious education in the county get into the meetings somewhere if possible. The places at which the various meetings will be held will be announced at a later date.

LEAD COOLIDGE CAMPAIGN

Russell B. Tittsworth is Appointed Rush County Manager

Russell B. Tittsworth of the law firm of Tittsworth and Tittsworth has been appointed county manager for the Coolidge primary campaign in Rush county, it was announced today. Mr. Tittsworth was notified that he had been appointed by Ewing R. Emission, the Coolidge Indiana manager.

Mr. Tittsworth has been advised by Mr. Emission to perfect a county organization at once as the statewide primary is little more than a month away.

Although Senator Hiram Johnson has entered the Indiana primary for the preferential vote for the republican nomination, no manager for his campaign has been announced.

RICKARD OUT TO GET MONEY BACK

New York Fight Promoter Admits to Senate Committee He Knew He Was Violating Law

IN SHOWING FIGHT PICTURES

Testifies Jap Muma Promised to Get Law Passed in Washington Making Films Legal

Washington, March 20—Tex Rickard, New York fight promoter, today told the senate Daugherty committee that he "went out to get his money back" on the Dempsey-Carpentier fight films by showing them wherever possible, though he knew it was a violation of the law.

Rickard made this decision, he said, after he had been fined \$1,000 for showing the pictures in New York to disabled soldiers. It was this \$1,000 he wanted to get back.

He told the committee that Jap Muma promised to get a law passed in Washington making it legal to show fight films anywhere, but that Muma never said he had influence in the capitol which would make it safe to exhibit the films in defiance of the law.

He said that after they "got by" so easily in New York, he concluded they could do the same elsewhere. But, he added, he was "bunked" and the entire profits of the picture exhibitions totaled only \$10,000.

"Do you mean to say that you went out and violated the law all over the country?"

"The disabled soldiers in New York phoned me."

"Now, don't try to hide behind the disabled veterans," said Wheeler.

"I'm going to tell the truth," insisted Tex. "The disabled soldiers in New York phoned me and sent men to see me saying they were crazy to see the pictures. So I brought the picture over from Jersey and showed it to them. I intended to take the picture back to Jersey after showing it."

"Next morning Hayward (federal district attorney in New York) told me he was going to put us in jail for showing the pictures. I told him I had brought the pictures over to show to the disabled soldiers and I was going to take them back to Jersey and I didn't want to go to jail."

"He said I had violated the law and he was going to prosecute me. I was fined \$1,000. Then I decided I would go ahead and show the pictures elsewhere and get my money back."

Tex said the total net return from the pictures was about \$93,000 and expenses \$82,000, leaving about \$11,000 profit.

"I got bunked," he added.

"Now, you don't mean to tell us that you fell for that bunk that they would come to Washington and get a special law passed in a couple of days," said Wheeler.

"Not a couple of days. They said a couple of weeks."

"What they told you was that they had influence in Washington."

COOLIDGE CARRIES STATE BY 15,000

Surprising Spurt Places Senator LaFollette Ahead of Senator Johnson in North Dakota

W. G. M'ADOO UNOPPOSED

Results in Democratic Ballotting Being Light—McAdoo Carries Georgia Over Underwood

Fargo, N. D., March 20—President Coolidge has carried the North Dakota presidential primary by a plurality of 15,000, it was estimated today on official return from most of the 2,000 precincts and unofficial reports from the balance.

A surprising spurt placed Senator Robert M. LaFollette ahead of Senator Hiram Johnson of California. LaFollette's margin is only a few votes but it was a distinct shock to Johnson supporters who felt sure the stiffer campaign for the Wisconsin senator would bring little result.

Politicians state that the Coolidge victory in reality is a minority victory because the combined LaFollette and Johnson vote will exceed the vote cast for the president.

The total vote cast apparently is slightly over 105,000.

With less than a fourth of the estimated vote yet to be counted, returns to date indicate President Coolidge will have about 51,000 and Johnson and LaFollette will finish pretty nearly even with about 28,000 a piece. Most of the counties still uncounted have big non-Partisan League votes, and since Senator LaFollette has been carrying most of these, he is likely to have a plurality of 1,000 or less over Senator Johnson.

The Democratic balloting was very light, Wm. G. McAdoo being unopposed for the presidency. There was a contest for national committee-man however, and H. H. Perry was leading R. B. Murphy by a slight margin.

Underwood is Defeated

Atlanta, Ga., March 20—William G. McAdoo won a sweeping victory in the Georgia Democratic presidential primary yesterday, practically complete returns today showed.

McAdoo carried 117 counties and Continued on Page Six

BLODGETT DIES AT INDIANAPOLIS HOME

Veteran Indianapolis Newspaper Man Expires Today After Less Than Week's Illness

KNOWN THROUGHOUT STATE

Indianapolis, Ind., March 20—William H. Blodgett, 68, veteran Indianapolis newspaper man, died at his home early today after a brief illness with pneumonia and heart trouble.

He returned home last Sunday from an assignment in the northern part of the state in a serious condition. Hope for his recovery was abandoned yesterday.

Blodgett was known from one end of the state to the other as a political writer and special correspondent. He had been a reporter for the Indianapolis News for 40 years.

Before coming to Indianapolis, Blodgett worked on papers in Richmond, Ind., and Anderson.

Tradition has it that Blodgett arrived in Indianapolis one Sunday morning many years ago and went to the home of John H. Holliday, then editor of the News, to ask for a job.

He was greeted at the door by a surly mongrel dog that ran the ambitious young scribe up a tree, where he stayed until Holliday came out and called off the hound. Blodgett got a job the next day.

He is survived by the widow and one daughter, Mrs. E. T. Brennan of Indianapolis.

FIRST OF MOTHER CLASSES IS HELD

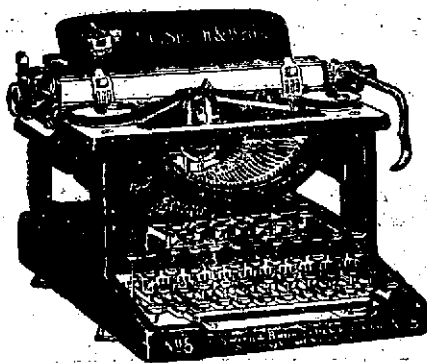

Dr. Joaze Waarde of Child Hygiene Division of State Health Board Gives Lecture

ONE TO BE HELD EACH WEEK

The first meeting of the Mother Classes to be held in this city for five weeks, by the Child Hygiene division of the State Board of Health under the auspices of the Tri Kappa sorority of this city, was held Wednesday afternoon in the assembly room of the court house with a fair attendance.

Dr. Joaze Waarde, a representative of the state board of health, was present, and gave illustrated lecture on "Well Born." These child hygiene meetings being held in the county are financed by the Shepherd-Towner bill passed by the last legislature, which appropriated \$40,000 for this movement in the state, and the people of the county should attend these meetings and hear the splendid lectures given by the Hygiene representatives, it is declared.

The next Mother Class will be held Wednesday afternoon of next week at 2:30 o'clock in the assembly room of the court house. On the same day, an evening meeting will be held at 7:30 o'clock at the United Brethren church.

"Gets-It" Makes Corns Vanish

Even Surgeons don't cut their own corns. They use "Gets-It" to rid their feet of corn or callous pests. Why should you risk infection or a slip of your razor when it is so easy to end corns and callous, quickly, completely, permanently. Two or three drops of "Gets-It" stops all corn pain—then the corn loosens so you can peel it right off with never a twinge of hurt. Try it today. E. Lawrence & Co., Chicago. Uncovers Tunnel Entrance

Vincennes, Ind., March 20—The tradition that a tunnel exists in the basement of the old Harrison home was given some basis in fact here recently when Sam Kirk, local contractor, uncovered what is believed to be the entrance to the tunnel.

The supposed entrance is located in an offset in the wall. About two feet below the surface of the floor, the workmen ran into a layer of brick. Two layers were removed, revealing an opening 30 inches wide, of circular form. This, Kirk believes, is the entrance to the tunnel.

Work of repairing the old house is being financed by the D. A. R. at a cost of several thousand dollars.

Found Guilty Of The Murder Of Luther C. Sharp By Jury

Continued from Page One

which the convicted man whispered to her.

Before leaving the court room, Atwell Cloud, 2602 East Broad street, Newcastle, father of the prisoner, embraced his son and kissed him several times, before the officers departed for the jail.

Before the verdict had scarcely been read, John F. Joyce, one of the attorneys for the defendant, told Judge Sparks that a motion for a new trial would be presented in the morning, and the court withheld passing the sentence upon the prisoner until the motion can be prepared and heard.

The case ended this morning at 11:30 o'clock when the jury retired to their room to deliberate on a verdict.

The closing argument was made by Prosecutor Gates Ketchum, who for an hour and five minutes held the closest attention of the court room and jury, reviewing the evidence that the state had brought out, and attempting to fix the murder charge against the defendant.

In his closing argument this morning he demanded the death penalty, and cited the case recently in Indianapolis wherein a colored man by the name of Shaw had been convicted on circumstantial evidence, and given the death penalty, on what he termed as even less evidence than that which the state had gathered in the case against Cloud.

The prosecutor stated that one death deserved another, and that the defendant should not be given the privilege of living.

The arguments late yesterday were by John H. Kiplinger, who made the first on behalf of the state, and he was followed by John F. Joyce for the defendant. This morning Albert C. Stevens made an hour's argument for the defendant, and the prosecutor concluded the four hours set aside for that purpose.

Judge Sparks instructed the jury shortly after eleven o'clock, and as in all murder cases, the instructions were lengthy, touching the various angles that the jurors were to consider when they retired to their room.

The first degree murder charge, the court explained in his instructions, embodies all three murder provisions. The penalty for first degree murder, where the human life was taken for a purpose, or planned with that intent, is either death, or a life sentence; if no purpose was established, then second degree murder would prevail, and this charge carries a life sentence; where the murder was committed on the spur of the moment without malice or premeditation, the charge is manslaughter and the court instructed the jury that if the defendant was found guilty on this charge, that they were not to fix the sentence, and that the court had the right to name the punishment, which is a term of 2 to 21 years.

The court also dwelt on circumstantial evidence, which fact he stated was sufficient to fix punishment on the first degree murder charge.

Several witnesses were examined Wednesday afternoon, before the

state rested, and the last thing that the state did was to offer in evidence several exhibits that they made during the progress of the trial.

Included in the exhibits were steel shots, with the first shot passed among the jurors being the one that was taken from the victim at the autopsy operation, when he died ten days following the shooting.

Other shot were samples that had been taken from experimental shooting into wood, and dead carcasses at the Hausback Reduction plant. The .45 caliber, army gun, which belongs to Chester Taylor, and with which the alleged shooting was said by the state to have been committed, was also passed among the jurors to examine. The army overcoat said to have been worn by the defendant, was offered in evidence.

Local officers testified concerning the experimental shooting, in an effort to bring out certain points about the steel bullet.

Lieutenant Bernard Ball of the Indianapolis Police department was called in as an expert witness, and questioned concerning the shooting range and other characteristics of a weapon that was alleged to have been used in the Sharp slaying.

Forest Huntington, who said he resides in Edinburg, Ind., and was a representative of the Pinkerton Detective agency that worked on the local case, was on the stand for a few minutes and testified that the bullet exhibited by the state, was the same one that was taken at the autopsy and had been in his custody part of the time and given over to Sheriff Hunt.

Two witnesses, Anthony Owens and Thomas Trader, who were recalled to the witness stand Wednesday afternoon, each testified that they were the first persons to reach the victim. They said that when they reached him, he was saying, "My God; my God, I've been shot. A man wearing a black rag over his face and wearing an army overcoat shot me."

These witnesses on the day previous were not permitted to offer this testimony, until the court was given legal citations to prove that it was admissible.

George Hays, an uncle of the defendant, who lives on a farm a few miles north of Rushville was a witness for the state in the afternoon session. He said that on the night of the shooting, possibly before midnight, he was awakened, and that Cloud wanted to get in. He said that Cloud was wearing an army overcoat, that was water-soaked from the heavy rain of that night.

The witness said that in the course of their conversation that night, Cloud told him that he had heard in a pool room in Rushville that Sharp had been shot with a .45 calibre revolver.

The state contended that this fact was not definitely known until the next day or so.

Mr. Hays stated further that the next morning, when Cloud started to leave, that he exchanged his army overcoat with him, and told Mr. Hays that the fellow who shot Sharp wore an army overcoat, and that he was afraid that he might be picked

up as a suspect.

Mrs. Evaline Hays, wife of George Hays, also testified about the defendant coming to their home that night. She couldn't remember the time, nor could she remember what was said about the kind of a gun that was used in the shooting, and which she said Cloud was telling them about upon his arrival.

Her recollection was that Cloud stayed with them possibly three days. Her husband stated that Cloud left the next morning.

Several other witnesses were used to bring out minor matters in the case. Sheriff Hunt identified the army overcoat as being the one that Cloud was wearing when brought to jail January 25.

When the state finished rather unexpectedly yesterday afternoon, the defense also announced that they rested, which then brought on the arguments without any evidence on the part of the defense.

BEFORE TWINS WERE BORN

Was Very Miserable. Felt Lots Better After Taking Lydia E. Pinkham's Vegetable Compound

Wycena, Wisconsin. — "I took Lydia E. Pinkham's Vegetable Compound before my twins were born because my sister-in-law recommended it to me. I was so I could scarcely go about my daily work I was in such misery. But after I began taking the second bottle I was feeling lots better. I took three bottles and a half before I was confined and finished the bottle while I was in bed. I got up feeling fine and have taken care of the twins alone ever since. I recommend the Vegetable Compound highly and will sing its praises in the future."

—Mrs. Ida Granitz, Wycena, Wis. It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after child-birth, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer. Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother both before and after child-birth. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by nursing mothers.

Helps Real Estate

The financial pages report that call money had descended to three percent in New York Wednesday. This is good news because cheaper money means higher real estate values, which is an end very much desired in Rush county.

When the call money rate goes down, investors turn to real estate. The demand naturally sends up the price and others who had been waiting for a good real estate investment will buy because they think it is as cheap as it ever will be.

No one ever buys on a falling market. But let prices start back up, and everyone jumps in, eager to buy as cheaply as possible. Thus prices soar because of the demand.

Rush county farm land is once more on a rising market. That's where we want it for the good of all the people of Rush county. When the price of farm land was going down and down, and selfish people were trying to send it down still lower, so that they could buy some farm land real cheap and make a profit on it, everyone was pessimistic and farmers were convinced that there was no future ahead.

Let the price of farm land get on the upgrade again, and everyone is going to be boosting it up instead of kicking it down.

The people who have been hammering farm real estate for the contemptible purpose of "stealing" some of it so that they could sell on a rising market, had better get on the band wagon now, because farm land prices have started back up and they are going to stay up.

Flattery

The world is full of flattery, but it is not all the same brand. There is the kind that is downright dishonesty, by the use of which one seeks to better his own fortunes and his own position at the expense of others. The fake stock salesman is a good example of the users of this brand.

Then there is the gentle, persuasive, life-oiling kind in common use by nearly everyone, who is successful in any pursuit, the purveyor of which seeks to gain his ends without injury to others by means of subtle flattery or merited praise of others.

This latter kind is dispensed by the woman who has the reputation of being a "delighted hostess", by the man who is said to have a "winning personality" and by another who is known as a "good salesman."

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, March 20.—The only physician in the country who has his own private burying ground and admits it is Royal S. Copeland, former health commissioner of New York City and now United States senator.

Not that the graveyard holds the bodies of former patients of Copeland. The burying ground is an old-time cemetery, on a farm Copeland owns in up-state New York. But to the senator, an apostle of better health, it is a source of constant stimulation.

"There are about 40 graves in the enclosure," Copeland says. "The oldest person buried there—the grandfather of the family—died at the 'ripe' age of 42 years, 8 months and 21 days! He was the oldest. The average runs probably less than 30 years."

"Today the average expectation of life in the United States is 57 years. That is what our progress in medical science has done for us within a few decades."

FROM the standpoint of complexion, the most colorful man in Congress is John N. Garner of Uvalde, Tex. As ranking Democratic member of the Ways and Means Committee he wrote his party's substitute for the Mellon tax reduction plan.

Garner has a chronically apoplectic countenance. In debate his florid face assumes an alarming crimson. Spectators expect to see him topple over from a stroke. But Garner's coloring comes from a thin skin that never has thrown off the effect of much weathering under blistering Texas sunshine.

Born in the Red River section of Texas 55 years ago, Garner has garnered wealth as well as influ-

ence and distinction. When you buy "Bermuda" onions at the corner grocery, like as not you are getting the product of Garner's big onion farm.

If the Democrats have "got the Republicans' goat," likely as not it could be found down on Garner's Texas goat ranch. He has the largest herd of Angoras to be found anywhere, not even excepting Angola.

He is a shrewd trader, has bought and sold farm and ranch lands by the thousands of acres, and had a hand in organizing most of the banks in the Red River valley. He either owns outright or controls as many banks as any individual in the country.

Which qualifies him as an authority on banking and finance and makes him the choice for chairman of the Ways and Means Committee in the next Congress should the Democrats get control.

GARNER may own more goats, but the biggest rancher in Congress is Senator Warren of Wyoming. Warren's specialty is sheep—and wool.

"The Greatest Shepherd Since Abraham," Warren has been called.

Shepherding, however, must have agreed with Warren physically as well as financially, for despite the fact that he is now the oldest man in the Senate—he will be 80 on June 20—he looks and acts more like a rugged, well-preserved man of 60.

A big man he is, broad-shouldered, big-chested, with gray hair and mustache, a kindly manner and a quiet voice. He walks with a slight limp as a result of a rebel bullet in the Civil War. As another memento of his Civil War days, he possesses a congressional medal of honor for gallantry on the field of battle at the siege of Fort Hudson.

flattery is a bright and shining star in a clouded sky, a small candle always busy brightening up the corner where he is. Men seek his favor and women hang upon his words, for they are honeyed words, not too untruthful and always appealing to the innate egotism that exists in every one of us.

Without the flattery spreader, no party would be a success, a banquet would be a funeral feast and politics would be robbed of all its savor.

Here's a toast to the peddler of flattery and long may his species be abundant.

Coolidge's Speed

Though partisan attempts have been made frequently to smear President Coolidge with oil, he still shows his old-time speed in the state primaries.

Present indications are that he won the North Dakota Primary Tuesday over Senators LaFollette and Johnson. Wednesday the North Carolina republican delegation to the Cleveland convention was instructed for Coolidge.

Regardless of efforts to besmirch him, Mr. Coolidge is so far ahead of the other candidates for the republican nomination that it can scarcely be called a race. The primary votes indicate that the people have confidence in the president—and that means a great deal.

FIFTEEN YEARS AGO TODAY

From Daily Republican
Saturday, March 20, 1909

Will Alexander and Austin Frazier were in Chicago this week and bought a car load of Pole Angus cattle which they will graze on their farms. Mr. Alexander was also at Bowling Green, Mo., and Springfield, Ill., and at the latter place heard Rev. Billy Sunday preach in a tent.

The old U. P. church property in North Morgan street was conveyed by the trustees yesterday to the trustees of the First Baptist church. The building will be repaired at once and occupied by the Baptists.

The Ladies Glee club met at the home of Miss Hazel Cox in North Morgan street Thursday and effected a permanent organization. The club is composed of eight members and will be under the direction and management of Prof. T. A. Craig. The club is composed of the following members; Nancy Hogsett, Marie Clark, Hazel Cox, Ruby Norris, Martha Marr Hogsett, Edith Holden, Mrs. Jesse Pugh and Georgina Wyatt.

The city superintendents of schools of Central Indiana met yesterday and organized a permanent organization known as the Central Indiana Club of City Schools Superintendents. Prof. J. H. Scholl of this city was one of the promoters.

The smallpox epidemic is no more. The patients in the hospital were sent home and the nurses were dismissed this afternoon.

Greenfield Tribune: Paul Orr gave a farewell party at his home on West North street Wednesday night for Weldon Brann, whose parents will move to Rushville soon. The young people report an enjoyable time with nice refreshments.

Miss Jessie Carter was taken to the Sexton sanitarium this morning to undergo an operation for appendicitis.

Mr. and Mrs. Turner Williams and daughters Ella and Jennie of West Third street, removed to their farm near Osgood, Ripley county, today. Mr. Williams and family gained many warm friends while residing in this city, who regret to see them leave.

Mrs. Charles A. Mauzy and daughter Louise were Indianapolis visitors today.

Miss Florence Hackwitz of Cincinnati, was the guest of George Griesser at the home of E. L. Beer in West Fifth street today.

Miss Lillian Barton and Hubert Thomas, who are students in De Pauw University, are spending their spring vacation with home folks in Milroy.

Mr. and Mrs. C. O. Patton have gone to St. Louis for a visit with friends. Mr. Patton will go on to Kansas City to purchase a car load of ponies.

QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 15c and 30c.

FIRST SHOOT HELD
AT FAIR GROUNDS

To Help U. S. Olympic Team

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 20—Perhaps the American Olympic team may not do as well in Paris next summer as it did in Antwerp in 1920, and the chances are that it will not, but it will be better organized and will feel better about it.

As long as Lawson Robertson has the say as head coach and as long as George Brown is around, even though he is only an assistant manager, the team will receive proper care and attention.

If Robertson had been in charge of the team in Antwerp, Joe Ray, Sol Butler and Mat McGrath would not have been injured. He would not have permitted them to take the chances they did in working out on a dangerous field.

Politics would not have been such an influence on the 1920 team if Robertson had been in charge as head coach. He would not have allowed political favorites to start in events which made it necessary to keep such great athletes as Driscoll and Dah-drow on the bench.

Jack Moakley, head coach of the 1920 team is a competent coach, but he was completely overruled by the politicians on the Olympic committee. It's a hundred to one shot that no one will run over Lawson Robertson.

If there is any reward for meritorious service, George Brown, of the

Boston Athletic Association, should have been appointed manager of the team. He was the only efficient man at Antwerp among the executives. He was the only one who seemed to care in the slightest what the athletes ate, where they slept or how they were treated. He didn't go to see the battlefields of the western front in France, until the games were over and his work had been done. He took his vacation when there was nothing more to be done. Some of the other managers and members of the committee spent a great deal more of their time in Paris than they did in Antwerp.

One fortunate thing about the games this summer is that no traveling to Paris will be necessary. The tourists on the committee will be right in the heart of all the European excitement and they can even see some of the games, if they have the time to spare.

No charges have been made that the committee will do in Paris what its predecessors did in Antwerp—or didn't do. On the contrary, the committee making the arrangements for the games this year seems to be serious-minded about it and it is probable that there will be very few joy-riders going over to look after the athletes. However, it is best to withhold judgment and prophesy until the team gets back from Paris.

Urbana, Ill.—Tommy Gibbons of St. Paul will meet Bill Hert here tonight. A week from tonight Gibbons is scheduled to fight Joe Downey at Dayton, Ohio.

WOULD FAVOR SPORTSMEN

Shooting Ground-Game Refuge Bill
Before Congress

Indianapolis, Ind., March 20—Provisions in the Public Shooting Ground—Game Refuge bill now pending before Congress, would greatly benefit Indiana sportsmen, George N. Mannfeld superintendent of fish and game, department of conservation, said today.

Indiana sportsmen, Mannfeld said, are united for passage of the bill. The Isaac Walton league and the Indiana Fish Game and Forest league have approved the measure.

The bill provides for a federal license costing \$1 to be obtained by all sportsmen using public shooting and fishing grounds. Hunters in Indiana would be required to pay a total of \$2.

The money, both State and Federal, would go toward purchase of game refuges, Mannfeld said.

FIGHTS AND FIGHTERS

New York—"I'll knock him out if I ever get a fight with him in this country," Farmer Lodge said on his return from South America where he was tapped on the chin by Luis Firpo. "American fighters better stay away from there," he said.

Albany—Bills aiming to reform or rescind boxing in New York have no chance to be passed or even taken up by legislature at this session, party leaders believe.

Chicago—A fight between Tommy Gibbons and Georges Carpentier this summer, either at Benton Harbor or Michigan City, is being discussed here. Eddie Kane, manager of Gibbons, said he would sign up if Floyd Fitzsimmons, promoter, who claims to have the Frenchman's signature to a fight, can show whether the fight can be staged.

MILROY WINS WITH
WHIRLWIND ATTACKIndependent Team Overcomes Fast
Fairview Quintet on Modern Ap-
pliance Floor

COMES FROM BEHIND TO WIN

The Milroy Independent basketball team staged a whirlwind attack in the last half of their game with Fairview last night at the Modern Appliance floor, and won out by the score of 37 to 27.

Milroy was away behind in the first half, when Fairview had the best of the game, 19 to 10, and in the last half the Milroy team began gradually to climb up and in the closing few minutes nosed out the fast quintet from northeastern Rush county.

Barnes for Milroy led in scoring with six baskets, although the other players on Milroy contributed their share in the point getting. For Fairview Peters led with 3 baskets and Seales had 4. The line-up and summary.

Milroy 37	Fairview 27
Barnes	Seales
Green	Reynolds
McKee	Peters
Ruddell	Cook
Osterling	Royalty
Substitutions, Patton for Green;	
Kendall for Cook, Craig for Kendall,	
Cook for Craig.	

Field goals, Barnes 6, Green, McKee 3, Ruddell 4, Osterling 2, Seales 4, Reynolds 2, Peters 5; foul goals Barnes, McKee 3, Ruddell, Seales, Cook; Royalty. Referee Hill-goss, umpire McNamara.

FIRST SHOOT IS HELD
AT OLD FAIR GROUNDSMoney Raised to Buy New Trap And
New Trap House Will Probably
Be Built

SCORES OF CONTESTANTS

The first of a series of shoots was held at the old fair grounds east of Rushville Wednesday and was attended by a large crowd of sportsmen. Enough money was raised to purchase a new trap, which it is hoped will arrive for the next regular shoot to be held in two weeks.

An effort is being made to organize the lovers of this kind of sport, so that a new trap house may be erected on the grounds, and indications are that it will be successful. The shooters were recently given permission by the county board of commissioners to use the fair grounds for the bi-weekly shoots.

Scores hung up in Wednesday's shoot were as follows:

	Shot	Broke
Edd Moore	30	29
Stewart	30	27
Pleamner	100	91
Martin	110	88
Foley	50	32
Dearinger	30	20

HUDSON

This Favorite Super-Six
Improved in All Ways

The attractions of a more beautiful and comfortable body, with the greatest Super-Six chassis ever built are combined in the new Hudson Coach.

Also unmatched price advantage. At \$1475 it costs but little more than open models. Yet it provides the wanted comforts, distinction and all-season utility of a fine closed car.

Metordom concedes that no car excels Hudson in performance reliability and long life at low maintenance.

Now, to those famous qualities are added refinements that assure prompt starting in coldest weather, as well as greatly increased gasoline and oil economy.

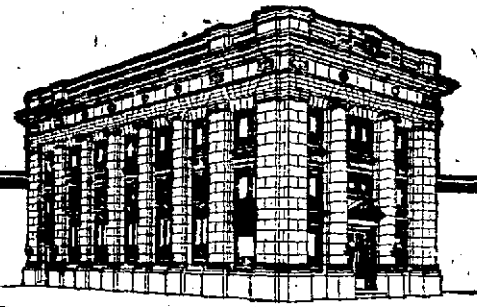

Is it any wonder that the new coach has met a reception surpassing any Hudson ever built?

Facts about Child-birth

AN eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the little one arrives!

Mrs. Wm. Washington, 107 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B.A.-72, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all good druggists.

SIX STARTERS IN THE RACE

Ninth District E. O. P. Congressional Contest is Warming Up

Kokomo, Ind., March 20—With the announcement today that Henry Quigley, former county clerk, would be a candidate for the Republican nomination for congress from the ninth district, the congressional race now has avowed starters.

Fred S. Purnell, of Fountain county, the present representative, is a candidate for re-election. The other Republican candidates are Homer Beals, Hamilton county and Rev. Russell P. Kern, Fountain county.

For the Democratic nomination, James P. Davis, Howard county, Martin L. Serkle, Clinton county and Allen Kemp, of Tipton, are in the field.

when G. D. Wahlberg failed to appear on time. Wahlberg was to have been questioned concerning the identity of a "Mr. Hays" he had mentioned as recipient of Sinclair stock.

Hay's Brother Won't Talk

Sullivan, Ind., March 20—Hinkle C. Hays, a member of the law firm of Hays and Hays and a brother of Will H. Hays, formerly chairman of the republican national committee, refused today to comment on the story now being investigated by the senate oil committee to the effect that Will H. Hays and Attorney General Daugherty were given 75,000 shares of Sinclair oil stock to help pay a one million dollar deficit in the republican party's 1920 campaign funds.

Hays would neither confirm or deny a report that the firm represented the Sinclair oil company at one time.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of all sorts.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.

Appears As a Boy

Gloria Swanson appears as a boy for the first time in her stellar career in "The Humming Bird," a Paramount picture directed by Sidney Clcott and showing at the Princess theatre today.

As Toinette, idol of the Paris underworld and leader of a gang of Apaches, Miss Swanson alternates from boy's to girl's clothing. Her dual personality as Toinette and the notorious "Humming Bird," for whom the Paris police search in vain, gives the star a wide range of dramatic possibilities in this production of Maude Fulton's play, which Forrest Halsey adapted for screen presentation. Edward Burns is leading man and others in the support are Jacques d'Auray, Mario Majeroni and Cesare Gravina.

How Stars Earned Money

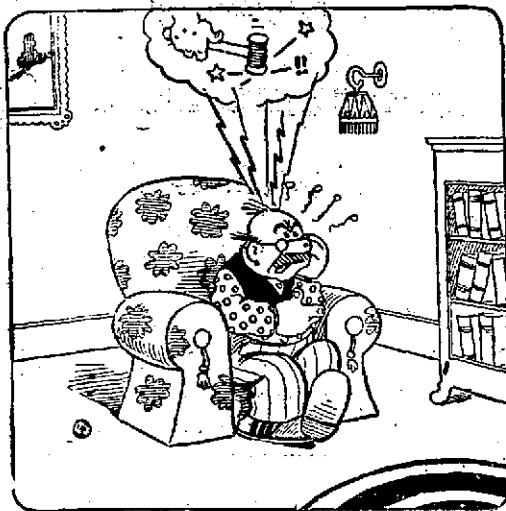

It is interesting to note the means by which some of the prominent screen stars first earned money. Rupert Hughes cast of "Souls for Sale," which he made for Goldwyn, and which comes to the Castle the-

Rupert Hughes made his when he was nine years old, giving a show at his home. He says no pins were accepted.

Barbara La Marr played a child part in a stock company in Seattle when she was seven years old, and earned her first dollar.

Richard Dix worked on a farm in Minnesota during a summer vacation.

Mae Busch earned her first dollar playing with Eddie Foy in "Over the River."

Frank Mayo, at the age of five,

played a boy's part in "Davy Crockett" with his grandfather's company. Eleanor Broadman posed for an artist in Philadelphia.

THE OLD HOME TOWN By Stanley

We 23,000 Men

Present you the utmost in fine cars

THERE are 23,000 of us building Studebaker cars. Most of us are partners in the business. Thousands of us are stockholders. All of us, after a certain time, get dividends on wages.

All of us, after two years, get vacations with pay. All of us, after one year, get dividends on wages. After five years, that annual dividend adds 10% to our earnings.

The company spends vast sums on co-operative work with us. When we retire, we get pensions.

So Studebaker cars represent the best that we, in combination, know how to offer you.

Some of us belong to management. If we do better than expected, we get 10% of the excess.

So every man among us does his best to make Studebaker cars supreme.

Our fine backing

Behind us is an honored name. For 72 years Studebaker has been the leader in quality and class.

We have \$90,000,000 of assets. We have \$50,000,000 in model plants. We have 12,500 up-to-date machines. So Studebaker cars are built by modern and efficient methods.

We have an engineering department which costs \$500,000 yearly. That to maintain and develop Studebaker standards.

We subject Studebaker cars to 20,000 inspections. That requires 1,200 men. All told over 70,000 machine and hand operations are performed in manufacture of a Studebaker car. In so many operations, though each one is small, there is a

great opportunity for economies and savings.

We have a \$10,000,000 body plant, to maintain the Studebaker standard of coach work. There sons, fathers and grandfathers are working together, to build such bodies as Studebaker always built.

Those bodies are finished by many operations, including 15 coats of paint and varnish.

The open bodies are upholstered

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

We give unusual equipment. On some Big-Six models, for instance, we include two nickel-plated bumpers, one or two extra disc wheels with cord tires, a courtesy light, a motometer, steel trunk, etc.

How we do this

We give you these extra values through quantity production. We build 150,000 cars per year — more than any other fine-car builder. Our large expenses are divided by that enormous output.

We do it by building our own bodies, our own parts. Thus we save outside profits.

We do it because we have up-to-date plants, with all forms of modern equipment.

The results are these:

Beauty, quality and luxury such as no maker can surpass.

Prices far below the usual. Our Light-Six, built by ordinary methods, would sell for from \$200 to \$400 more. Our Big-Six can be compared only with the highest-priced cars in the world.

Here are 13 models, from \$1,025 to \$2,685. Each of them offers scores of advantages over any comparable car. They offer such values that the trend toward Studebakers has become overwhelming.

Go analyze the reasons before you buy a quality car.

In real leather. The closed bodies in Chase-Mohair. That is made from the silky fleece of Angora goats.

We pay for those extras — and others — out of savings. Building our own bodies saves you on some types up to \$300 per car.

We never stint

The rule here is to give the utmost in every part and detail.

We have 35 formulas for steel. Each has been demonstrated best for its purpose. On some of these steels we pay 15% premium to get the formulas exact.

Fevers and Why

Chiropractic Health Talk No. 57
By H. V. McCully, D. C., Ph. C.

Health turns the Clock Backward

Uncle Ben Says:
"It takes fifty-three muscles to frown, Nephew, and only twelve to smile, so why waste energy."

If the Kidneys, Liver and Bowels are not carrying on their work as they should, there is an accumulation within the body of poison and toxic material from day to day.

If you did not clean your house of all the dirt every day and allowed it to accumulate, then the only thing left for you to do would be to start a general house cleaning to make up for that which should have been done daily.

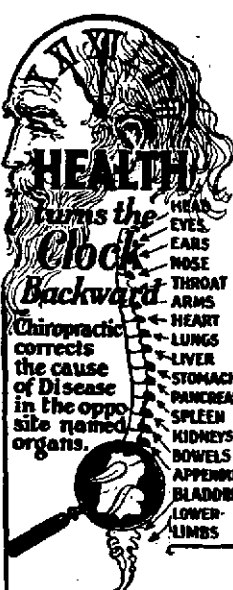

Nature does the same thing. When the poisons have accumulated to a degree that life is endangered, nature brings on an adaptive fever to burn up the poison. This is her way of housecleaning.

There are many different kinds of toxins which might accumulate in the body just as there are different kinds of dirt which will be found in a house. The burning of these different toxins give rise to different symptoms. In other words, the burning of one kind of toxin will give rise to the symptoms of so called Small Pox, another toxin so called Flu, another so-called measles, etc.

One thing you have always known is that if your elimination is good and you are free from Poisons your resistance against any of the so-called contagious diseases is good.

If you ache, feel tired, drowsy, have a bad color, etc., you can feel sure that your elimination is bad so don't wait until nature has to bring on a fever to clean house for you and cause you to pass through the symptoms of so-called Small Pox, Flu, or any other fever condition.

The methods we use in this office bring back the normal action to the organs of elimination and as the poisons are eliminated your resistance against disease becomes greater.

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.
